4TH TRANSNATIONAL MEETING OF THE 2 TEACH 2 TOUCH PROJECT IN RZESZÓW, POLAND

October 24-25, 2023 were exciting days: we meet in the vibrant city of Rzeszów for the fourth transnational meeting of the 2 Teach 2 Touch project!

The 2 Teach 2 Touch project partnership consists of six partner organisations in Germany, Italy, Spain, Turkey, Poland and Ireland. This meeting marked a significant moment in the journey of our project, as we are approaching the conclusion of our work.

However, many of the project results are already available and ready to use on our webpage and, even after the project has ended, will remain available to be downloaded and viewed

Our team is trying to build a user-friendly, interactive and totally engaging online training platform that allows people from all backgrounds to gain new skills on the Waste Economy and grow in this ever-evolving digital age. We believe in making learning accessible, enjoyable and transformative!

Stay tuned for regular updates as we continue to devote our efforts to this ambitious project.

Thank you for your support and for following us on this exciting adventure as we shape the future of online learning together!
